

The Woodward at Copper Scholarship Fund

Woodward at Copper has created a scholarship fund to assist future campers who dream of attending Woodward at Copper. These funds will be distributed to deserving individuals who otherwise would not have the opportunity to attend Woodward at Copper Summer Camp.

Make Your Scholarship Application Count

- Be sure to fill out this application in its entirety. Applications missing information, including requested letters, will not be considered.
- Scholarships are primarily need-based; decisions are not solely based on talent or achievement of the camper. The more specific you can be about your financial situation and/or need for financial aid, the quicker the scholarship committee will be able to evaluate your application. If you or your child has made efforts to save or earn money for camp, mention it in your letters. Your child's letter or parent letter should discuss his or her love of the sport, and how the applicant believes camp attendance will help him/her to achieve his/her goals.
- Limited funds are available. Scholarships are awarded in various amounts; not all aid is equivalent to full tuition. Spending money and travel expenses to and from camp are not included in awards.
- Scholarships are NOT available for every week of camp. Registering your child for a specific week of camp before scholarships are awarded will not guarantee funding assistance for that specific week. Registering for camp before you have heard from the scholarship committee is not necessary and it does not increase the chances of receiving a scholarship. However, if you camper will be coming to camp regardless of the scholarship we recommend pre-booking a camp session to guarantee any early elkquin discounts that might be available. Keep in mind this does not guarantee a scholarship for the booked week, but at least ensures you have received an available pre-booking discount in the event you are not granted a scholarship.
- Scholarships cannot be combined with any other offer or discount.
- You will be notified via email if a scholarship is awarded in your child's name. Application review begins in mid February. Applications received after the first round of reviews will be considered within 3 to 4 weeks after they are received. We will continue reviewing applications until all award funding has been distributed. Applications should be submitted as soon as possible, or at least 30 days prior to the session that the applicant wishes to attend. Those applications which are received less than 30 days prior to the session the applicant wishes to attend may not be reviewed.
